

REACTOR QUOTE FORM

NOTE: All mandatory fields are marked by a red asterisk (). Any other information you can provide will be helpful.*

Customer Name *	
Project Name and/or Number *	
Shipping Address c/w Zip Code *	
Freight Terms *	
Special Commercial Requirements	

Quantity *	
Rated Continuous Current (A) *	
System Voltage (kV) *	
Rated Thermal Short-Time Current (kA/s) *	
Inductance(mH) and/or Impedance(Ω) per Phase *	
Power Frequency (Hz) *	
Applicable Standard *	
Application (Series or shunt)	
Harmonic Currents (A : Hz)	
Maximum Continuous Overload Current (A)	
Mechanical Short-Time Current (kA/peak)	
Rated Impedance per Phase (ohms)	
Average Ambient Temperature (Celsius)	
Maximum Ambient Temperature (Celsius)	
Overload Current (A)	
Site Altitude (m)	
Seismic (G)	
Special Environmental Considerations (if any)	
BIL across reactor (kV)	
BIL coil to ground (kV)	
Maximum Noise Level (dBA)	
Special Technical Requirements
